

DRAFT

UP 340, Fall 2022

Planning for Healthy Cities

Instructor: Mary Edwards
Office: M204, Temple Buell Hall
Office Hours: Tuesday, 2-4pm and by appointment
mmedward@illinois.edu

Lecture: T, Th 11-12:20 (432 Armory)

Course Description:

This course explores the evolving role of health in urban planning. Historical and current theories on the relationship between public health and the built environment are highlighted, as are prescriptions for healthy urban design. Community health planning, health disparities and the needs of special populations in the city are also examined, along with some of the major policy issues affecting urban health care today.

Learning Objectives:

By the end of this course, students will be able to:

- Understand the ways in which the built environment influences health.
- Identify planning practices that promote healthy communities.
- Understand how health data influences planning decisions.
- Develop strategies for integrating health policy goals into planning processes.

Requirements and Grading Policies:

The course requirements are listed below. Participation and attendance is also part of your final grade. You are expected to attend class regularly. The class participation grade will be based on both class participation and random attendance taking. Grades and points will be assigned as follows:

Assignment	Points	Due Date
Weekly Reflections (10 @ 10 points each)	100	variable
Walk Audit	75	Sept. 1
Mental Restoration Activity	25	Sept. 8
Public Space Evaluation	25	Sept. 22
Building Audit	25	Oct. 6
Food Budget Challenge	15	Oct. 13
School Assessment	25	Oct. 20
Midterm Exam	100	Oct. 25
Team Project	100	Nov. 17
Participation and Attendance	10	
Total Possible Points	500	

Assignments are due at the end of the day on the due date. I do accept late homework assignments, but they will be graded down one letter grade per day. Some of the homework assignments are in-class

assignments, so if you are not in class, you will not receive credit for these assignments without a valid excuse for your absence. It is your responsibility to contact me if you miss an assignment. I will take into consideration assignments that are late due to unforeseeable circumstances.

Transformation of numerical grade to letter grade will be according to the schedule below:

A	93-100 percent	C+	77-79 percent
A-	90-92 percent	C	73-76 percent
B+	87-89 percent	C-	70-72 percent
B	83-86 percent	D+	67-69 percent
B-	80-82 percent	D	60-66 percent

The general grading rubric for assignments is as follows:

An “A” assignment demonstrates original thought and synthesis of ideas and sophisticated, cogent analysis. It is clearly written and presented.

A “B” assignment includes above average analysis with appropriate evidence to support ideas. It is clearly written and presented.

A “C” assignment shows a basic level of understanding, with analysis limited to obvious arguments. Writing is competent. It is adequate work.

A “D” assignment misunderstands or misrepresents the material or is so poorly written that it obscures the analysis. It is inadequate work.

Readings:

There is one required textbook. Additional required readings will also be posted on our Canvas website.

Required: Botchway, Nisha D., Dannenberg, Andrew L., Howard Frumkin (eds). 2022. *Making Healthy Places: Designing and Building for Health, Well-being, Equity, and Sustainability, Second Edition*. Washington DC: Island Press.

Course Policies:

Cellphones and Laptops: No cell phone use during class. You may use a laptop/tablet in class for taking notes or during specified class related activities. Please be respectful of your peers and the instructor and refrain from using laptops for activities unrelated to class. If I see this happening, I will revise the laptop policy. **Laptops are not permitted when we have a guest speaker.**

Absence Policy: If you must be absent due to illness or an unforeseen circumstance, please let me know before class (or soon after). I will provide alternative assignments if you happen to miss an in-class activity due to illness. Unexcused absences will affect your participation grade.

Student Conduct: The Department of Urban and Regional Planning (DURP) is committed to creating an environment of inclusion and opportunity that is rooted in the very goals and responsibilities of practicing planners. Conduct that interferes with the rights of another or creates an atmosphere of intimidation or disrespect is inconsistent with the environment of learning and cooperation that the program requires. By enrolling in class in the Department of Urban and Regional Planning, students agree to be responsible for maintaining a respectful environment in all DURP activities, including classes, projects, and extracurricular programs. We will be governed by the University Student Code. See Student Code Article 1—Student Rights and Responsibilities, Part 1. Student Rights.

Academic Integrity: The UIUC Student Code requires all students to support academic integrity and abide by its provisions, which prohibit cheating, fabrication, plagiarism, and facilitation of these and related infractions. According to Section § 1-401, “students have been given notice of this rule by virtue of its publication” and “regardless of whether a student has actually read this rule, a student is charged with knowledge of it. Ignorance is not a defense.” The provisions of the Student Code are applicable to this course. *In written work, all ideas (as well as data or other information) that are not your own must be cited. Plagiarism is an extremely serious offense and will not be tolerated, as it violates the trust between students and faculty. Violation of any plagiarism guidelines will be taken quite seriously and will result in a failing grade at the very least.*

Student Resources:

Accommodations: To obtain disability-related academic adjustments and/or auxiliary aids, students with disabilities must contact the course instructor and the Disability Resources and Educational Services (DRES) as soon as possible. To contact DRES, you may call 333-4603 (V/TDD), or e-mail a message to disability@uiuc.edu. <http://www.disability.illinois.edu/>.

Student Assistance: The Student Assistance Center serves as the first point of contact for students who call, email, or walk in to the Office of the Dean of Students. The Assistant Deans help students understand university policies and procedures, educate them about and connect them to campus resources, and support students in crisis. Students visit the Student Assistance Center regarding a broad range of issues which may be impacting their academic performance including those related to health/mental health, course attendance issues, questions about where to go on campus to seek different services, options for withdrawing from the university, or because they need help and just aren't sure where to go. The Student Assistance Center helps students find their way! <http://odos.illinois.edu/community-of-care/student-assistance-center/>

Sexual Misconduct and Reporting: The University of Illinois is committed to combating sexual misconduct. Faculty and staff members are required to report any instances of sexual misconduct to the University's Title IX and Disability Office. In turn, an individual with the Title IX and Disability Office will provide information about rights and options, including accommodations, support services, the campus disciplinary process, and law enforcement options.

A list of the designated University employees who, as counselors, confidential advisors, and medical professionals, do not have this reporting responsibility and can maintain confidentiality, can be found here: wecare.illinois.edu/resources/students/#confidential.

Other information about resources and reporting is available here: wecare.illinois.edu.

Emergency Response: Emergency response recommendations can be found at the following website: <http://police.illinois.edu/emergency-preparedness/>. I encourage you to review this website and the campus building floor plans website within the first 10 days of class. <http://police.illinois.edu/emergency-preparedness/building-emergency-action-plans/>

Wellness: This site <https://wellness.illinois.edu/> will help you decide what kind of assistance you might need and how to get connected to services for **mental health, wellness, access, and accommodation**. The resources on this website reflect many different approaches, ranging from personal counseling to forming groups to address issues in your school or work environment.

- **Mental health** refers to services that help you address issues that you would like to feel better about psychologically, including being in crisis.
- **Wellness** refers to services that help you with habits related to maintaining your well-being.
- **Access and accommodation** refer to services that facilitate equal opportunity if you are a person with disabilities.

Services can be **confidential or non-confidential**. A confidential service means that any information you share is protected by health care laws and cannot be shared without your permission outside of the resource except in specific cases. For example, counseling and medical care are typically considered confidential, whereas participating in a wellness workshop is not but your participation would be protected by education laws. Access and accommodation services are also confidential.

Supporting fellow students in distress: As members of the Illinois community, we each have a responsibility to express care and concern for one another. If you come across a classmate whose behavior concerns you, whether in regards to their well-being or yours, we encourage you to refer this behavior to the Student Assistance Center (333-0050) or online at odos.illinois.edu/community-of-care/referral/. Based upon your report, staff in the Student Assistance Center reaches out to students to make sure they have the support they need to be healthy and safe.

Further, as a Community of Care, we want to support you in your overall wellness. We know that students sometimes face challenges that can impact academic performance (examples include mental health concerns, food insecurity, homelessness, personal emergencies). Should you find that you are managing such a challenge and that it is interfering with your coursework, you are encouraged to contact the [Student Assistance Center \(SAC\)](#) in the Office of the Dean of Students for support and referrals to campus and/or community resources.

UP 340– FALL 2022 SUMMARY SCHEDULE OF SESSIONS

SESSION	WEEK	DATE	DAY	Topic
1	1	Aug. 23	T	Introduction to the course
2	1	Aug. 25	Th	Historical Perspectives
3	2	Aug. 30	T	Promoting Physical Activity
4	2	Sep. 1	Th	Activity: Walk Audit
5	3	Sep. 6	T	Mental Health and Social Well-being
6	3	Sep. 8	Th	Activity: Nature and Attention Restoration
7	4	Sep. 13	T	Guest Speaker: Lacey Rains Lowe, Senior Planner
8	4	Sep. 15	Th	Creating Age Friendly Communities
9	5	Sep. 20	T	Guest Speaker: Sam Ihm, Planning Assistant
10	5	Sep. 22	Th	Contact with Nature: Open Space Evaluation
11	6	Sep. 27	T	Climate Change and Resilience to Disasters
12	6	Sep. 29	Th	APA Illinois Annual Conference in Chicago, Illinois
13	7	Oct. 4	T	Healthy Work Places
14	7	Oct. 6	Th	Activity: Building Audit
15	8	Oct. 11	T	Food Environments
16	8	Oct. 13	Th	Activity: Living on a Food Budget
17	9	Oct. 18	T	Healthy and Active Living for Children
18	9	Oct. 20	Th	Healthy Choices and Healthy Policies
19	10	Oct. 25	T	Midterm Exam Due
20	10	Oct. 27	Th	Healthy Homes and Safe Environments
21	11	Nov. 1	T	Team project
22	11	Nov. 3	Th	Healthy Air and Water
23	12	Nov. 8	T	Election Day-No Classes
24	12	Nov. 10	Th	Team presentations
25	13	Nov. 15	T	Team Presentations
26	13	Nov. 17	Th	Team Presentations
27	14	Nov. 29	T	Measuring and Assessing the Built Environment
28	14	Dec. 1	Th	The future of the healthy city
29	15	Dec. 6	T	Course Wrap up
30	15	Dec. 8	Th	Reading Day

Topics and Required Readings

WEEK 1

August 23: Introduction to the course

August 25: Historical Perspectives

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 1: An Introduction to Healthy, Equitable, and Sustainable Places.

Chapter 9: Inequity, Gentrification, and Urban Health

WEEK 2

August 30: Promoting Physical Activity

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 2: Physical Activity and the Built Environment

Chapter 11: Transportation, Land Use, and Health

WEEK 3

September 6: Mental and Social Well-being

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 7: Built Environments, Mental Health, and Well-being

Chapter 8: Social Capital and Community Design

Morris, Eric and Deirdre Pfeiffer. 2016. Who Really Bowls Alone? Cities, Suburbs and Social Time in the United States. *Journal of Planning Education and Research*.

WEEK 4

September 13: Guest Speaker, Lacey Rains Lowe, Senior Planner, City of Champaign

Community Engagement

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 21: Community Engagement for Health, Equity, and Sustainability

September 15: Creating Age Friendly Communities

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 10: Healthy Places Across the Life Span

The Age-friendly Champaign-Urbana Steering Committee. *Age-Friendly Champaign-Urbana Action Plan, 2019-2020*

WEEK 5

September 20: Guest Speaker: Sam Ihm, Planning Assistant, Champaign County Forest Preserve District

September 22: Contact with Nature

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 16: Contact with Nature

AARP Livable Communities Initiative. 2022. *Creating Parks and Public Spaces for People of All Ages*.

WEEK 6

September 27: Climate Change and Resilience to Disasters

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 17: Climate Change, Cities, and Health

Chapter 18: Community Resilience and Healthy Places

Klinenberg, Eric. 2013. Adaptation: How cities can be “climate-proof.” *The New Yorker*, Jan. 7.

Design for Health. 2008. *Addressing Climate Change with Comprehensive Planning and Ordinances*.

September 29: APA-IL Conference

WEEK 7

October 4: Healthy Work Environments

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 13: Healthy Workplaces

Chapter 14: Healthy Health Care Settings

WEEK 8

October 11: Food Environments

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy*

Places: Designing and Building for Well-being, Equity, and Sustainability
Chapter 3: Food, Nutrition, and Community Design

WEEK 9

October 18: Healthy and Active Living for Children

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*
Chapter 15: Healthy Schools

Eitland E, Klingensmith L, MacNaughton P et al. 2017. *Schools for Health: Foundations for Student Success*. Harvard TH Chan School of Public Health,

October 20: Healthy Choices and Healthy Policies

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*
Chapter 19 Healthy Behavioral Choices and the Built Environment
Chapter 20: Legislation, Policy and Governance for Healthy Places

WEEK 10

October 25: Midterm Exam Due

October 27: Healthy Homes and Safe Environments

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*
Chapter 5: Injury, Violence and the Built Environment
Chapter 12: Healthy Homes

WEEK 11

November 1: Work Day: Team Projects

November 3: Air and Water

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*
Chapter 4: The Built Environment and Air Quality
Chapter 6: Water, Health, and the Built Environment

WEEK 12

November 8: Election Day! No Class.

November 10: Team Presentations

WEEK 13

November 15 and 17— Team Presentations

WEEK 14

November 29: Measuring Healthy Places

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 22: Measuring, Assessing and Certifying Healthy Places

December 1: The Future of the Healthy City

Botchwey, Nisha, Dannenberg, Andrew L., and Howard Frumkin (eds). 2011. *Making Healthy Places: Designing and Building for Well-being, Equity, and Sustainability*

Chapter 24: Innovative Technologies for Healthy Places

Chapter 26: COVID and the Built Environment

Chapter 27: Healthy, Equitable, and Sustainable Built Environments for the Future

WEEK 15

December 6: Course Wrap Up

December 8: Reading Day
