<p>TA name: _____</p> <p>date approved: _____</p> <p>file location: _____</p> <p>date of cut: _____</p> <div style="border: 1px solid black; padding: 5px; margin-top: 10px;"> <p>prep time: _____</p> <p>cutting time: _____</p> <p>total : _____</p> </div> <p>job length</p> <p>ENSURED ROOM WAS CLEAN AFTER CUT <input type="checkbox"/></p>	<p>This date and time are subject to change pending completion of previously scheduled jobs and preparedness at time of milling.</p> <p>NOTES (changes made to file, observations while cutting, satisfaction, etc.)</p> <p>_____</p> <p>_____</p> <p>_____</p>
--	---

Milling and file preparation are charged at a rate of \$30/hr for students & architecture faculty, and \$50/hr for those from other departments.

Appointments for the CNC router are scheduled once this form has been submitted and the file is approved for cutting. There is a 5 day time period for completion of CNC cut once BOTH file and material are submitted.

It is the student's responsibility to clean up after the cut is complete. All scrap material must be taken to the outside dumpster and all debris/dust must be swept and discarded.

Students who do not clean their scrap will not be able to schedule future appointments.
